Welcome to Aida

Aida is an emerging US brand that offers customers safe, reliable, innovative and high quality products in the commercial and residential grade improvement fixture market.

We are building our name on it. Our goal is to be your preferred choice of exceptional innovative products. Our mission is to create a reliable, well-recognized and customer preferred brand in the residential and commercial decorative materials market. Our brand includes electrical devices, lighting sources and fixtures, plumbing parts and accessories, hardware supply and tools. We have a strategic partnership with manufacturing facilities, through collaborative design and engineering efforts to deliver our products. We provide customers the best value in the industry with an exceptionally high level of product quality and service.

Featured Products:

- » GFCI's in TR and WR certified to UL 2015 Standard
- » USB receptacles in 3.6A rating in 2x2 and 4.0A rating in 4x0 configurations, UL certified
- » Dimmer Switch with touch screen, WiFi connections, and sensor switch all UL certified

Innovative MRO Partner Customers Can Trust
